The Heads of Departments,
University of Delhi
Delhi / New Delhi.

Sub: Regarding options for Open Elective Courses in PG Programmes

Dear Sir/Madam

It has been noted that the credits for Open Elective Courses offered by the Departments for the Post Graduate students are not uniform. This non-uniformity has led to avoidable inconveniences while preparing results and awarding degrees to students.

In view of the above, it is hereby requested that all the Heads of the Departments notify prominently on their websites and notice boards for the benefit of the PG students that they choose Open Elective Courses offered by other departments having same credits as prescribed by the parent department to be earned from Open Elective Courses for the purpose of award of Masters Degree in the relevant programme.

With regards,

Yours sincerely,

M. K. Chak
