SHIRT SCRIBBLE DAY

Date: 26th May, 2023

Location: Satyakam Bhavan

The Heritage Club organized an event called Shirt Scribble Day under the teacher coordinator and Head of the Department, Prof. Ranjita Pandey. The event commenced with an opening ceremony, where the members of the Heritage Club welcomed the participants, shared the guidelines for the scribbling process, and talked about the significance of the event.

Shirt Scribble Day was organized as a means for students to bid farewell to their college journey in a light-hearted and creative manner. More than 60 participants arrived to express, confess, and relive their cherished college memories. Everyone wore or carried a plain white shirt, symbolizing a blank canvas waiting to be painted. All the participants took turns scribbling on each other's shirts using a variety of colorful markers and fabric paints. From writing messages of appreciation to doodling cartoons and inside jokes, the scribbled shirts transformed into cherished mementos, reflecting the memories of college life and serving as a reminder of the strong and enduring bonds of friendship forged during that time.

The event was concluded with a farewell speech by the students and a group photograph of all the participants.
