INTERNATIONAL MOTHER LANGUAGE DAY

Date: 21st February, 2022

Location: Google Meet

The Heritage Club of the Department of Statistics organized a joyous celebration of International Mother Language Day under Azadi ka Amrit Mahotsav. The main objective of the event was to commemorate International Mother Language Day and promote linguistic and cultural diversity across the globe. By organizing interactive and educational activities, we aimed to enhance the participants' appreciation for various languages and encourage inclusivity in our multicultural society.

The festivities included three engaging quiz rounds, each offering exciting challenges.

In Round I, participants showcased their knowledge by identifying words of Indian origin, with Ruchi Baid emerging as the victor. The second round tested the contestants' ability to recognise languages from audio clips, and Mr. Vivek Kumar claimed the top spot. The final round centered around guessing countries and their official languages, and Mr. Nibhir Tongchangya secured the first position in this captivating challenge.

The event proved to be an immense success, with enthusiastic and active participation from all. The organizers extend heartfelt congratulations to all the winners for their outstanding performances.
